Sydney

HOW I WORK

Talk to people. Find the real problem. Map the workflow, simplify it. Prototype it so stakeholders see it, understand it, and say yes.

SKILLS

- Complex prototyping: design + code
- User research
- Workshop design and facilitation
- Requirements, IA, process mapping
- Project and team management
- Design coaching and mentoring

AI TOOLSET

VS Code · Cursor · Figma + MCP · Miro + MCP · Adobe CC · Codex / Claude Code

EDUCATION

2020 Master of Interaction Design and Electronic Arts
University of Sydney

2009 Master of Computer Science

2008 Bachelor, Information Systems

AWARDS

2024 Creativity: Breakthrough Product
EY Design Studio Global

2024 Visionary Teaching Innovation
School of Computer Science, University of Sydney

2021 Retail Tech Award
International Digital Retail Forum

2020 Featured product
MCOM Marketplace and Ecosystems

2018 Vice-Chancellor's Scholarship
University of Sydney

2018 Featured product
Digital Technologies Forum

WORK EXPERIENCE

Manager, UX/UI Design
EY Studio+ (Ernst & Young)
2026
2025

UX/BA – Large education client. Led current-state assessments, workshops, workflow mapping, prototyping, and prepared comprehensive strategic reports and maps used to inform major transformation initiatives.

PM & Content – Led Agentic Delivery Accelerator go-to-market packaging.

PM/UX – Led discovery, prototyping for a multi-level approval workflow with agentic automation.

UX Lead – Government client. AI-driven transcription, metadata automation and document management workflow PoC prototyped and implemented.

Figma & AI enablement – Go-to prototyping support for the APAC team: 68 training sessions on advanced prototyping and automation, plus hands-on 1:1 help.

Manager, UX/UI Design
EY (Ernst & Young)
2025
2022

UX Lead – Processing company. 4-dimensional immersive Spatial Collaboration Tool (ArcGIS). Led complex prototyping and design system development; collaborated on user research, workshops and delivery support. Result: faster asset inspections and planning, and less time/cost spent on field visits.

UX Lead – GIS visualisations, digital twin and AI-assisted planning platform for the processing industry. Interactive prototypes for sales pitches, PoC web app delivered.

UX Lead – Healthcare client. Approval workflow transformation (ServiceNow). Led planning and discovery, handled complex prototyping.

UX/PM – Business approvals system, Power Apps + Power Automate + Teams. Led working PoC app delivery for multiple roles and channels.

PM – GenAI voice assistant for call centres. Led delivery of a reusable PoC, prepared showcase data, scenario pack.

Senior Consultant, UX/UI Design
EY (Ernst & Young)
2022
2021

UX – Major superannuation fund. Designed and facilitated strategy workshops.

UX – SaaS marketplace. Co-design workshops and lo-fi prototyping.

UI/Branding – White-label banking experience platform. Product definition workshops, stakeholder alignment, working web app PoC, theming.

E2E Product Design – Social startup for the Deaf community and Auslan interpreters: user research, focus groups, questionnaires, personas, journey mapping, data analysis, stakeholder pitches, lo-fi, hi-fi, UI and handover. iOS PoC app delivered.

Community & Talks
Industry events, mentoring groups

2026 – speaker, Codex Community event.

2026 – guest lecture, USYD School of Computer Science.

2025, 2026 – mentor, Dalyell Professional Mentoring Program.

2025 – panellist, USYD Experience Design Society x EY event.

2025 – co-facilitator, EY x Microsoft AI Skills Passport workshop.

2024 – presenter, AI by Design Community Evening, Microsoft Sydney.

2022, 2023 – grad showcase jury, USYD School of Architecture, Design and Planning.

2019 – mentor, Interaction Design Association (IxDA) Sydney.

WORK EXPERIENCE, CONTINUED

Tutor / Teaching Assistant
2026
2019

The University of Sydney, School of Computer Science

~600 students – Workshop facilitation, teaching prototyping and user testing.

Units – Human-Computer Interaction, Usability Engineering, Usability & Security and Project Management.

UX/UI Generalist and Business Analyst
2018
2016

TSUM Luxury Fashion Retail, Europe

UI – Ecosystem of 17 bespoke apps for sales, warehouse and delivery staff. Including the country's first iOS-based mobile payment terminal.

UI – Two loyalty apps for retail customers, boutique village navigation app, indoor multi-level department store navigation app.

IA/BA – Requirements gathering, integration with Microsoft Dynamics.

UI/UX Specialist
2015
2013

2GIS, Navigation and local search, Europe

UI – Lifestyle recommendation, reviews and advanced local search service on web, iOS and Android (2.6M monthly visitors).

UI and prototyping – B2B SaaS dashboards.

Visual design – Community event assets, merch, icons, print materials.

Design Team Lead
2012
2008

1C-Rarus, ERP software vendor and consultancy, Europe

UI – Company portal: 450 hi-fi pages, 10 Axure RP clickable prototypes.

UI – Two industry news portals, product promo sites.

UX – Audit and recommendations for desktop ERP solutions.

Visual design – 150 visual assets (icon sets, illustrations, print materials, ads).

Usability – 3 audits, telemetry analysis.

Team management (6 designers) – Trained and coached the team, led internship workshops, PM, hiring.

PERSONAL PROJECTS

- Book translation workspace (agent skill). Manages terminology, character names, translation rules and style controls.
- Branded UJM builder (agent skill). Assembles user journey maps from Figma components under hard styling rules. GitHub.
- E-book context tool optimised for e-ink, generates nested clarifications seamlessly integrated into the page flow.
- Mini research knowledge base. Uses the Anthropic API at runtime to fill the knowledge base and generate interview questions.
- Endlessly evolving text editor. Users generate their own toolbar tools on demand, with code written at runtime via the Anthropic API.

TRAINING

2026 Microsoft Copilot Studio Agent Academy: Recruit
Global AI Community

2025 Monetizing AI-Driven Value
EY

2025 Adobe GenStudio for Performance Marketing Foundations
Adobe

2025 Flow Designer: Introduction
ServiceNow micro-certification

2024 Human-Centered Artificial Intelligence
Stanford University (HAI)

2023 Project Management, 5-week course
EY

2021 AFHEA: AdvanceHE Associate Fellowship
Effective teaching, learning support methods

2017 Brand Strategy Development workshop
Strelka Institute for Media, Architecture and Design

2014 An Exploration of Symmetry
Nanyang Technological University, Singapore

2014 Human-Computer Interaction
University of California, San Diego

2014 Gamification
University of Pennsylvania

STUDY AND RESEARCH

- Motion sickness issues in popular software such as Outlook, Google Slides and Canva. Workshops, usability performance tests, accessibility cheat sheet. Link.
- Tim Tam Index, suburb attractiveness metric, GIS data analysis and visualisation.
- Quantitative analysis of users' free time variation, GIS analysis and visualisation.
